

THE FMSQ ASSOCIATION GROUP INSURANCE PROGRAM

A BENEFIT OFFERED TO FEW PEOPLE

Right from your first year of study at the faculty of medicine, insurance solicitation is rampant. With all this received information it can quickly become a quagmire. You can spend a lot of time haggling and analyzing different plans, trying to distinguish reality from the myths in this complex world of insurance, or; you can refer to your Federation, which has already studied all the options.

The Federation has set up a group insurance plan designed exclusively for you and entrusted the management and the promotion to its subsidiary, Sogemec Assurances. The corporate mission of Sogemec Assurances, is to help their clients make informed decisions about insurance.

We are the only broker able to offer you all the possible choices. Why are we offering the Association Group Insurance Program instead of another product ? Because our analysis of the market confirms again after 30 years of our plan existence, that the best choice for you is the exclusive product of the FMSQ!

The Association Group Insurance Program of the FMSQ is flexible and adaptable to your needs at different stages of your life. Moreover, it's the only plan that offers you the services of a committee of experts in case of litigation during a claim. You're not alone in front of the insurer and it's almost certainly the most important advantage of your plan.

Communicate with us now to find out about all the benefits offered by your Federation's plan.

PROTECTION TAILORED TO YOUR PROFESSION

For more than 30 years, the Fédération des médecins spécialistes du Québec works in close collaboration with its subsidiary, Sogemec Assurances, to offer you the best insurance products, as well as the best tailored protection for your profession.

PREFERENTIAL SERVICE

With its PREFERENTIAL SERVICE, Sogemec Assurances evolves with you.
